

BOLOGNA FOR SCIENCE EDUCATION
IN PALESTINE AND JORDAN

NEWSLETTER

ISSUE NO. 1

1 November 2024 – 30 April 2025

Bologna for Science Education in Palestine and Jordan

The BASE project aims to elevate higher education in Palestine and Jordan by implementing the Bologna Process within one selected science programme from each college of science at partner universities. The project builds updated study plans and an enabling environment to support sustainable academic development at each Higher Education Institution (HEI).

**Funded by
the European Union**

Prepared by: BASE Communication & Dissemination Team (WP8)
Network of BASE Partner Universities — Palestine & Jordan

WHAT'S INSIDE THIS ISSUE

Events and news from the BASE project · 1 November 2024 – 30 April 2025
